The new campaign is awesome!. great! i really like.
thank you for additional happiness!. This Dlc is much better than the main game itself. It doesn't have
\u2665\u2665\u2665\u2665\u2665 assault rifle sections. All missions are good. It also has special Challenge mission
which is really tough and interesting. Highly recommended buying \u2665\u2665\u2665\u2665\u2665 game for this
great dlc only.. If you can get past the glitches, and actually liked the base game... then you'll like this DLC. Stealth parts of the
DLC are horrible, even worse than the base game. But at least the DLC didn't glitch and keep you from progressing. If you just
happen to own this DLC anyway, and liked the base game... you'll probably like the DLC. May as well play it!!!. Brilliant
games,i can not wait for the new version.

If you like sniper ghost,do not hesitate and buy those games

BRILLIANT GAME PLAY VERY GOOD GRAPHICS ESPECIALLY THE KILL SHOT. Second Strike includes an additional single player campaign called "Unfinished Business" with refined AI and new challenging levels. It also introduces a new multiplayer mode (Capture the Flag) and three additional weapons: the M200 and L96 sniper rifles and the Desert Eagle high caliber pistol. Its fun to have with this game because it just adds more to the story. The downfall of this dlc is that there is only 3 campaign missions in single player which doesn't take to long to beat. The multiplayer aspect of this game is still alive but low in compared with other games today. If you enjoyed this main games story then this is one dlc not to pass up. I enjoyed the dlc and the main game, if you love sniping then this is game for you!. Well-orchestrated mission.. Great game!. Sniper: Ghost Warrior Second Strike

fast game with modern day graphics with easy controls that moves from location A to B to C and so on,
good amount of action and special effects

good game.

Personal Suggested Purchase Price: \$0.99 Or Less During Sale. pretty good dlc, thought it was story mode. which was leaving me hanging wondering why it was different from ps3 verzion. i would recomend this. And i guarantee it will be worth your money worth. And if you say different and you purchased it. I AM NOT GIVING YOU YOUR MONEY BACK
